SQUEEGE
SQUAD®

**2026 PROFESSIONAL
LIGHT INSTALLATION**

Lights Up. Stress Down.

Professional holiday lighting
from the first sketch to the
final strand packed away.

THE PROCESS:

1. Free Consultation – We walk your property, listen to your vision, and talk color, coverage, and budget.
2. Custom Design – Rooflines, gables, trees, wreaths, walkways. We map a display built for your home, not a template.
3. Professional Install – Trained, certified crews handle every clip and cord. You don't even need to be home.
4. Season-Long Support – Bulb out? Strand sagging? One call and we're on it.
5. Take-Down & Storage – We pull it all down in January, snow or shine, and store it until next year.

The Easiest Yes on Your Holiday List

Everything you need for a beautifully lit roofline, all in one flat-rate package.

For just **\$349**, you'll get:

Up to 70 feet of roofline lighting, including gables and rakes

Commercial-grade lights, so fewer burned-out bulbs

Your choice of color to match your holiday style

Professional installation, no need to be home

Take-down in January, even in the cold and snow

It's All in the Details

Customize your holiday light install with the finishing touches that fit your home.

WREATH ADD-ON

Complete your entry with a festive touch.

STAR TOPPER

Add a brilliant finishing touch to your roofline.

BULB SPACING

Choose the perfect look for your home.
